

Monkleigh Primary School

A place to **Smile**, to **Share**, to **Succeed**. We **Smile** by nurturing an honest and happy family that ensures everyone has the best possible mental and physical well-being.

We **Share** to build confidence, compassion and curiosity through a broad range of activities and experiences that ensure our pupils thrive in an ever-changing world, both near and far.

We **Succeed** by giving everyone the best possible chance to realise their potential and achieve a range of skills and knowledge for the road ahead.
