Financial Information

Monkleigh Primary School is committed to ensuring that all financial resources are used effectively to provide the best possible education and opportunities for our pupils.

We believe in being open and transparent about how school funding is allocated and spent. The information provided on this page includes details of our school budget, employee salary information required by legislation, benchmarking information, and reports on additional funding streams such as Pupil Premium and PE and Sport Premium funding.

Through careful financial planning and robust governance, we aim to ensure that every pound spent contributes positively to improving outcomes, wellbeing, and opportunities for our children.

If you would like further information about the school's finances, please contact the school office, and we will be happy to assist you.

There are no employees at Monkleigh Primary School with a gross annual salary of £100,000 or more

Financial Benchmarking

The Department for Education's Schools Financial Benchmarking Service allows parents and stakeholders to compare our school's income and expenditure with similar schools across the country. This information can be accessed via the link below:

We are committed to ensuring that public funds are managed responsibly and provide the greatest possible benefit for all pupils.
