School Newsletter

Welcome Back!
A very warm welcome back to all of our children and families as we begin a new school year at **Monkleigh Primary School**.

It has been wonderful to see the children arriving on the first day with their smart new haircuts, shiny new shoes, and lots of smiling faces. There has been such a positive atmosphere around the school, and we are delighted with how quickly everyone has settled back into their routines. Our newest children have made a fantastic start and are already enjoying school life, making new friends and becoming part of the Monkleigh family.

Despite a few unexpected hiccups, it has been a really positive start to the year!

As many of you will know, we unfortunately began the new school year without internet access or phone lines. While we now have a temporary fix for the phone system, the main school is still without internet while we wait for repairs to our line. The school office has some limited internet access, but we would appreciate your patience and understanding as staff continue to work around these challenges.

We then faced another unexpected issue yesterday when a burst water pipe in the local area left the school without water for a period of time. Thank you so much for your support, cooperation and understanding while we managed the situation. Your prompt response to our communications was greatly appreciated and helped us ensure the safety and wellbeing of all the children.

We are keeping everything crossed that the internet will be restored soon and that we have now used up all of our unexpected disruptions for the year. No more issues with phone lines, water, or anything else, please!

Looking ahead, we are incredibly excited about the term ahead and the many opportunities it will bring. There will be lots of chances for our children to learn, play, explore, make new friends, develop new skills and create wonderful memories.

Thank you for your continued support. We are looking forward to a fantastic year together at **Monkleigh Primary School**.
