

## Accessibility Plan 2016-2019

**Plan Date:** January 2016

**Review Date:** January 2019

**REVIEWED AT FULL GOVERNING BODY MEETING - 26/03/2019**

**This plan was adopted by the Resources Committee of the Governing Body of  
Monkleigh Primary School  
On 28<sup>th</sup> January 2016**

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Head. At St. Peter’s C.E. Primary School the Plan will form part of the Premises, Resources, Fund-Raising and Marketing section of the School Development Plan and will be monitored by the headteacher and evaluated by the relevant Governors’ committee. The current Plan will be appended to this document.

At Monkleigh Primary School we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

Monkleigh Primary School has been described as having a ‘welcoming and delightfully happy environment in which pupils thrive and want to do their best.’ We want all children to enjoy school, to be challenged to achieve their very best, and to consider their time at the school as their own ‘learning adventure’. We are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils’ varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children matter.

## **Purpose of Plan**

This plan shows how Monkleigh Primary School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

## **Definition of disability**

A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse affect on his/her ability to carry out normal day-to-day activities.

## **Areas of planning responsibilities**

- Increasing access for disabled pupils to the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits)
- Improving access to the physical environment of schools (this includes improvements to the physical environment of the school and physical aids to access education)
- Improving the delivery of written information to disabled pupils (this will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe)

## **Contextual Information**

Monkleigh Primary School has been in its current location since 1875. The original Victorian single storey building houses class 2. A single extension houses class 3, cloakroom and toilets. This area has disabled access . A Disabled toilet is available here. A separate Devon Lady houses class 1 and class R and a toilet. Class 1 has disabled access. At present we have no wheelchair dependent pupils, parents or members of staff.

## **Current Range of known disabilities**

The school has children with a range of disabilities to include moderate and and specific learning disabilities.

## **Increasing access for disabled pupils to the school curriculum.**

Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes.

It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits. The only exception would occur if a child had breached school rules when deprivation of club attendance may be used as a suitable short term sanction and to ensure the safety of others.

### Improving access to the physical environment of the school

Monkleigh School is continuing to grow and develop - It is hoped that in the one day we will be able to expand the buildings and to improve the facilities.

Provision, in exceptional cases, will be negotiated when a pupil's specific needs are known.

We have a wide range of equipment and resources available for day to day use. We keep resource provision under constant review. The schools Improvement planning process is the vehicle for considering such needs on an annual basis.

## Improving the delivery of written information to disabled pupils

This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. Examples might include handouts, textbooks and information about school events. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe.

In planning to make written information available to disabled pupils we again need to establish the current level of need and be able to respond to changes in the range of need. The school will need to identify agencies and sources of such materials to be able to make the provision when required. The schools ICT infrastructure will enable us to access a range of materials supportive to need
